### LAYMEN'S WORK

The laymen have been very active in all the work of the kingdom during the past year. As a program for the future we would recommend the following:

(1) That our laymen take a large part in the Reenforcement Campaign that is to be put on this fall for enlisting all the unenlisted churches and church members in support of the objects fostered by the 75 Million Campaign. This will be done in every association under direction of the Associational Publicity Director who will plan to use every capable layman for a general speaking campaign among the churches.

(2) That our laymen push to completion the enlisting of thirty thousand tithers in Mississippi. A great number were brought to see their duty in this regard during the past year, but many yet are not giving as God has prospered them.

(3) That individual laymen study the subject of stewardship, and that classes in stewardship be taught, using such books as "The Deacon's Daughter," by McConnell, "Stewardship and Missions," by Cook, "Studies in Stewardship," by Leavell, and "Trusteeship," by Stephenson.

(4) That every organized Men's Bible Class plan to send out Mission Bands to aid and inspire the weaker churches of the association. This work is being done in several associations with wonderful results.

## **MISSISSIPPI BAPTIST HOSPITAL**

**R. S. CURRY, Supt.**

In 1910 the Baptist Hospital began operations in an old wooden board structure with less than ten beds. In 1912 by heroic effort the Board of Trustees erected a brick structure with thirty-five beds—they found that this was not a sufficient number of beds to meet the growing demands. In 1921 the present magnificent building was completed giving us about seventy-five beds, and with three side closed porches and two on the front at least fifty more patients could be cared for in an emergency. The hospital is enjoying a larger patronage than ever before and its popularity is increasing in proportion to the number of patients cared for.

The Hospital has an up-to-date X-ray outfit, a well equipped Laboratory and a complete Maternity Department which would do credit to a large city hospital.

All reputable physicians and surgeons are allowed and invited to bring their patients to the Baptist Hospital. We have one of the best Nurses Training Schools in the state, with twenty-two student nurses now in training. Young ladies from nineteen to thirty years are invited to write us if they desire to train for a splendid profession which affords a large field of service.

Our surgical and medical staff is composed of the best men of the profession.

## **MISSISSIPPI BAPTIST ORPHANAGE**

**J. R. CARTER, Supt.**

The Baptist Orphanage which was established twenty-five years ago has cared for more than one thousand children, many of whom are now filling positions of usefulness in our state and other states. We have now in the home one hundred and eighty children, all of whom are in good health, and are being trained in many of the arts and avocations preparatory to a useful life; special attention being given to their mental, moral and religious training.

This home is supported entirely by voluntary contributions. Our people have been loyal in their support of our orphan children in the years past. They are now receiving their support through the 75 Million fund, their prorata

of which is just sufficient to meet their actual expenses if all pledges are paid. We urge our churches and Sunday Schools to pay up their pledges to the 75 Million Campaign so that our children may have their living. We would also urge that our people continue their donations of clothing, dry goods, groceries and supplies of all kinds which help very materially in their support. We would also urge that our churches and people generally join with forces that are now seeking to improve the sanitary, health, and moral conditions throughout our state, and in so doing prevent the necessity of breaking up many homes, and separating children from their mothers.

### REPORT ON CHRISTIAN EDUCATION

The educational institution which is free to encourage and develop the appreciation of the best and noblest things in life is the institution where the truest education can be secured.

The school which lays the emphasis upon the life and teachings of Jesus Christ and which is able to inspire students to think in harmony with His divine mind, provides for the next generation the men and women who are destined to become the leaders in every field of noble thought and worthy action.

The Baptists of Mississippi have wisely built and are now supporting a group of schools which are imparting the type of education in which the process and the goal of learning have their inspiration in a faithful appreciation of Jesus Christ. To these institutions all-wise and far-seeing parents who appreciate the truest and the best education will choose to send their children. To the sustenance and help of these institutions will come faithful souls who love the Lord and who are interested in establishing his Kingdom on earth.

### MINISTERIAL EDUCATION

There were 119 ministerial students in Mississippi and Clarke Colleges last session. Two thirds of these received some help from the Board of Ministerial Education. At least one half of these could not have remained in college without help. There were applications for help for about

twice as much as was received for ministerial education. Ministerial students are entering our colleges in increasing numbers and the funds being received are entirely inadequate to take care of the needs. There is need of a number of small cottages, each with enough land for a garden and a place for a cow. Each family should have a chance to be as near self-supporting as possible. There ought to be ten or twelve such cottages at Clinton and several at Newton. There is need of \$12,000 next year for current expenses alone.

### **REPORT ON THE BAPTIST MEMORIAL HOSPITAL**

The first half of 1922 was a season of increasing prosperity for the Hospital. In these months the Hughla Dockery Memorial Home for Nurses has been completed and occupied. It now has 127 nurses and asks for some 50 more. The third floor of the hospital, which is the children's floor, has been equipped with the best diet kitchen for sick children and two ward rooms have been opened for crippled children. An up-to-date department of hydro and electro therapy has been opened on the first floor. All the third floor is now in use for patients and the second floor will be brought into use as needed. The policy of the hospital will be to turn no one away who wishes to come.

During the six months 4168 patients were admitted, which is more than in any like period. Tennessee sent 2747 of these, Mississippi 778, Arkansas 517, and other states 125. Among these were 512 treated free in the wards, 330 from Tennessee, 74 from Mississippi, 75 from Arkansas, and 33 from other states. The X-ray department handled 1041 patients for diagnosis, and 102 for treatment, ministering to these patients 1928 times in the six months. The laboratory made 6410 examinations in connection with diagnosis.

Financially the hospital has made large advance in receipts and service rendered. The six months business amounted to \$329,621.38. Of this amount \$35,089.36 was for charity, \$4,800.37 for complimentary service for pastors, \$989.85 for doctors discounts and \$1438.27 for other discounts and allowances. The Woman's Auxiliary, formerly known as the Linen Band, is still doing a large work in a vigorous and helpful way.

## SEVENTY-FIVE MILLION TASK

I am sending this message to Calhoun Baptists three years after Victory Week, in order to give them a brief statement of what, under God's mercy, we have been able to accomplish in our 75-million task, and to call your attention to some of the gains we have made, some of the trials, and some of the prospects that encouraged us.

We have carried on this forward movement in the face of opposing World conditions. The back wash of the World's worst war has opposed us. All of the commercial, political, and social tides of the World have opposed us. Prices of all commodities have had a downward turn. What we have accomplished has been done in the face of the worst economic conditions the World has ever seen.

The financial gains in the South, from May 1921 to May 1922, were \$10,962,724.84. The collection from foreign field was \$454,235.85. Giving us a grand total \$11,416,960.69, a gain over last year of \$2,620,650.87. In our Association in this time we raised \$6,855.38, and in 1919 we raised \$1,490.99.

We have made other gains by Baptisms—in the South, 233,571, in Foreign fields, 7,891; a grand total of 241,462, and a gain over last year of 67,867.

A word of how to finish the unfinished task—

1—Co-operation on the part of all of our forces, unity, my brethren, is what we need "that we may be as one."

2—Prayer will work wonders, what we must do, we must do through prayer.

3—Faith still accomplishes wonders. It removes mountains, bridges streams, brings God to our tasks and works spiritual miracles.

4—Sacrifice will furnish the funds.

5—In this great money task, we must not forget to win souls, for winning souls lubricates our spiritual machinery.

6—By all means we must have God with us, claim His promises.

## REPORT ON WOMAN'S WORK

When Christ said "Lift up your eyes and look in the fields," He addressed this command to all who follow in His train. Therefore the work of His hand-maidens is a part of that which claims the attention of this Association.

Since the organization of the 75 million campaign the women have contributed regularly through this channel of the work. The women of Mississippi contributed last year the munificent sum of \$172,837.28. This included our contributions for the Campaign, Home Uses, Boxes to Frontier Missionaries, State Scholarships, and White Cross Work.

In our own Association there are 36 churches. Out of this number we have only 5 W. M. S., and 4 Auxiliaries.

The women of this Association contributed \$462.20.

The policy of the W. M. U. for the coming year includes a deeper Prayer Life, that Prayer may be given its rightful place in individual lives, in the homes, in the churches, and in our Missionary Societies.

During the coming year, as Societies, we want to stress Bible and Mission Study, Stewardship and Personal Service.

We want to stress Enlistment for Service during the month of October, also it has been suggested by our State Leaders, that wherever possible, every Society try to carry out the State Mission and Campaign Week of Prayer, Oct. 1 to 7, and the pastors and churches are urged to co-operate with the Society in observance of this week. A suggestive program has been prepared by Mrs. Aven our State W. M. U. President, and will soon be sent out to all the Societies.

We are also urged to get subscribers for the Baptist Record, Home and Foreign Fields, and Royal Service—to try to get our women to subscribe for at least one of these, two or all if possible.

Our earnest desire is that we may be of greater service in The Master's Kingdom, especially within the bounds of our own Association.

## MISSISSIPPI COLLEGE

Number of students enrolled, session 1921-22: Graduate students, 3; Seniors, 47; Juniors, 58; Sophomores, 99; Freshmen, 139; special students, 26; Total Enrollment 372. Number graduates, 45; number teachers 19; number of students in Bible, 350, number of student volunteers, 18, number of Ministerial students, 82; number of Sunday School Diplomas awarded, 125; number additional award, 250. Last session was a good session. May the brethren pray that this session may be even a better one.

The needs of this old institution may be summed up in two: First, a better appreciation by all of our people of what it has meant, what it now means and what it may mean to our denomination; second, an adequate endowment to provide a sufficient income to maintain a permanent faculty, pay the teachers a living wage, care for the buildings and the comforts of the students.

A record attendance is expected. All the places in Jennings Hall were taken soon after school closed. This indicates that we will overflow this session. Let them come; we shall make some provision for the overflow.

Our new church building is nearing completion. We hope to worship in it by January 1st. This is going to be a mighty agency in training leaders for our denomination.

## MISSISSIPPI WOMAN'S COLLEGE

Property owned as follows:

(1) One wooden dormitory, two stories, accommodate 120 girls, known as Dockery Hall and used as the Industrial or Self-help Dormitory. The finest and hardest working students in college stay in this dormitory. Board, on the co-operative plan, costs here only \$14 per month. This summer we are putting a new roof on this dormitory, painting it inside and out and making many other improvements in it.

(2) Tatum Court—the Administration Building—a beautiful brick and stone building with three stories, costing in 1914, \$50,000. This is used to carry on the class work, laboratories and other departments, including a beautiful chapel seating 800 people. In the Gymnasium of Tatum Court is a beautiful swimming pool, the largest in any college in the state. This swimming pool is under cover and is used for ladies only.
